2430mm	60x60x2.0mm	3.1m	3025mm	50x200mm	4	6

## IMG Vmesh Panels and Post features:

All Vmesh 2.0mm Posts are supplied with anti-tamper Bolts and 60mm Brackets. All posts have Extra mounts provided to facilitate “stepping” the fence up or down 100mm to deal with uneven ground aiding quick installation. Bolt Security Keys supplied with every order.

IMG Vmesh is a high performing, Fast install for all Security Fencing requirements.

IMG Vmesh does not inhibit CCTV coverage, and with 50x200mm profile, blends into any background.

Colour Available: Green RAL6005 or Black RAL9005 – Custom colours are available upon request.
